

## WEDDINGS

### **Congratulations, you're getting married!**

**I am here to help you plan your ceremony, manage all the paperwork and get you married.**

As a registered Melbourne-based marriage celebrant I look forward to working with you to create a joyful ceremony that will celebrate your love. Together we will find poetry, music and rituals that embody your personality and interests. I bring to this role 35 years of Buddhist practice as well as a deep engagement in poetry, music and Tibetan and Indian culture.

I am a committee member of the Buddhist Council of Victoria and have been active in interfaith dialogue for 20 years. I have a deep respect for all religious traditions. As a secular marriage celebrant I can provide you with a strictly civil ceremony or I can add Buddhist elements. It depends on what would suit you.

I know that every couple is unique and I look forward to collaborating with you to design your own special and meaningful ceremony. It will be an honour to help you celebrate this happiest of days.
